HUNTERS & GUIDES AFRICA | NEWSFLASH | OCTOBER 2014

NIASSA MOZAMBIQUE SAFARI LIPILICHI WILDERNESS

Hunters and Guides and HHK Safaris partnership have just completed our first safari with Lipilichi Wilderness in the Niassa game Reserve, Northern Mozambique.

3 of our long standing clients, who hunt with us on an annual basis, jumped at the opportunity to hunt this vast wilderness area, lured by the opportunity to hunt this new area in a country with a history of famous buffalo and ivory hunters and their safaris.

They were not to be disappointed.

The area is vast and the game is spread through acres and acres of Miombo woodland broken by grassy vleis. The days are long and the hunting is challenging, with walking on tracks high on the agenda. But the trophy quality is there.

Clients should expect an early start to their day and know that this area is not where you expect to see herds of game around every corner.

The results speak for themselves.

Low quotas with minimal hunting pressure have ensured that the chances of success are high and the sense of achievement at the end of the day fulfilling.

Besides 3 very good buffalo, eland and roosevelt sable taken by each hunter. Mark Bristow took leopard and an exceptional elephant in the 80lb (36kg) range. A trophy of a lifetime.

The camps are comfortable and well catered.

Mark Bristow, Willem Jacobs and Marcelo Kim, guided by experienced professional hunters Derek "gomez" Adams, Doug Kok and Clint Burton assisted by PH's Howard Hunter and Gavin Hume were all up for the adventure and its challenges.

We hope that these results will encourage those hunters with a sense of adventure to visit this exiting wilderness
